517 except 5175	1.11	X				Carrier services	The provision by a telecommunication carrier of wired or wireless facilities to originate, terminate or transit calls for another telecommunication service provider. This category includes charges such as interconnection and settlement charges for the termination of domestic or international calls, charges to long distance carriers for calls originating at a payphone or within another carriers local network, charges for jointly used facilities such as pole attachments, and charges for the exclusive use of circuits. Exclusions: The carriage of Internet traffic by one ISP for another ISP is classified in "Internet backbone services".(see ISP and Portal product classification)	X	X	X	517110 517212 517410	517110 517212 517410	517110 517212 517410	
517 except 5175	1.12					Fixed local telephony	The provision of access to the public switched telephone network for the transmission and switching of voice, data and video within a local calling area where the call is made from a fixed customer location.. This category also includes related local services such as connection charges, 9-1-1 services, operator services, local directory assistance and calling features.	X	X	X	517110 517310	517110 517310	517110 517310 517510	
517 except 5175	1.121					Basic fixed local telephony	The provision of access to the public switched telephone network for the transmission and switching of voice, data and video within a local calling area. This service includes only those calling features that typically are bundled with the local service. This category also includes related local services such as connection charges, 9-1-1 services, operator services, and local directory assistance. Exclusions: - The provision local private line services is classified in the Private network services (1.15) category. - The provision of local loop to other telecommunications service providers is classified in the Carrier service (1.11) category. - The rental of terminal equipment is classified in the Telecommunications equipment rental (2.113) category. - The provision of Calling Features for a separate fee is classified in the Calling features (1.122) category.
